Please be advised there are times when our providers need to perform an in-office procedure to correctly diagnose and treat problems. **Procedures performed in our office are not included in the standard visit but are in the best interest of patient care.** Procedures will be billed separately and will be in addition to a regular office visit charge.

Insurance carriers classify these procedures as “surgery” and apply the charges to your surgical deductible, copayment, and/or co-insurance amount.

**We are providing this information to notify you in advance so you are not surprised when you receive your explanation of benefits from your insurance and it states a “surgical procedure” was performed.**

There may be a difference in the estimated amount collected at check-out after your visit and the amount your insurance determines is patient responsibility.

**Amounts collected at the time of service are simply an estimate.** The final balance will not be known until after review by your insurance company.

**Examples of procedures include, but are not limited to, the following:**

**Fiberoptic laryngoscopy (Scope of Throat):** A long, thin, fiberoptic scope (either rigid or flexible) will be passed through the nasal cavity or into the throat. The fiberoptic scope enables the physician to visualize areas of the throat not readily seen using any other means.

**Nasal endoscopy (Scope of Nose):** A scope attached to a light source will be used to view areas of the nasal cavities that cannot be viewed by the physician using the standard nasal speculum or visual inspection.

**Tympanogram:** This is an examination used to test the condition of the middle ear and mobility of the eardrum (tympanic membrane) and the conduction bones by creating variations of the air pressure in the ear canal.

**Other procedures: Ear cleanings, hearing tests, CT scans and ultrasounds**

**When recommended, the above procedures are necessary to properly diagnose and treat your medical condition, and if not performed, may limit our ability to provide an appropriate treatment or surgical solution.**

If you have additional questions, please feel free to speak to our staff and/or contact your insurance carrier for more information.

By signing below, I acknowledge that in-office procedures are separate from the office visit and understand that I am responsible for any balance that my insurance company applies to the deductible/copay/coinsurance according to my individual policy.
